

Hill-Rom Selects Quartz Concepts Tile for Customer Experience Center

Each year hundreds of healthcare executives, facility managers, architects and designers visit the Hill-Rom Customer Experience Center to discover solutions for the patient-care environment.

American-made Quartz Concepts tile is the solution to the healthcare industry's traditional flooring problems. Here's why.

Unprecedented performance:

- Highly durable. 3000 psi provides superior resistance to dents, tears and stains.
- Hospital bed tested.

Easy, less costly maintenance:

- No sealers. Only two coats of floor finish required.
- No special equipment or procedures required.

Healthcare preferred colors and format:

- Vibrant colors in 2' x 2' and 1' x 1' formats. Long lasting beauty.
- Striation on solid backgrounds provides a clean, bright appearance.

Earth friendly commitment:

- GREENGUARD Indoor Air Quality Certified
- Green Guide to Healthcare Credit – EQ 4.3 for low emitting materials.
- California Collaborative for High Performance Schools
